

ANNUAL POLICING PLAN

For the Calendar year 2023-2024
(Chapter-IV, Article-32 of Police Order-2002)

DISTRICT KHUSHAB

District Police Officer

Khushab

FOREWORD BY THE HEAD OF DISTRICT POLICE

The Police Order, 2002 was promulgated in the country in the year 2002 under Chief Executive's Order No. 22 dated 14.08.2002 and after its implementation, manifold changes have taken place in policing system. In the present scenario policing is not only a tiresome issue but it is also one of the toughest profession in the world. New devices of terrorism and suicidal attacks on important personalities and valuable public installations have really made this profession very difficult and challenging. Moreover, due to deteriorated social, economic, ethical norms, lack of inter faith harmony and increase in crimes, these problems and challenges have further enhanced. These problems require police to work in a more systematic and scientific manner.

In pursuance of Article 32 of Police Order, 2002, the District Police Officer is required to prepare an Annual Policing Plan for the district. This annual police plan for District Khushab is result of intensive brain storming, hard work and keen observations.

This plan contains the objectives of policing in the District Khushab for the year 2023/2024, targets both operational / administrative to be achieved during the year, mechanism to secure the said targets, financial and other resources likely to be available to Khushab police during the year. This plan also gives a brief account of the mechanism for achieving our planned targets, it also find mentioned about the measures / steps being taken for the security of Key & vulnerable installations of the district and foreigners working on the different projects. The objectives i.e fair and speedy investigation, free registration of cases, measures for prevention of crime, plan for meeting emergencies, improving discipline, accountability, enhancing training standard, welfare of force and computerization are also the part of this plan. Shortage of resources has also been discussed in this plan. The analysis of crime for the preceding two years is the basis to set future policing targets and to ascertain the requirement of the resources.

All the objectives and targets mentioned in this plan will be met with the professional skills and expertise of police without any compromise. These objectives are to control and minimize the illegal detention at police stations, to reduce the overall ratio of main crime under head, murder, dacoity, robbery, burglary and M.V. theft, control of illicit arms and narcotics.

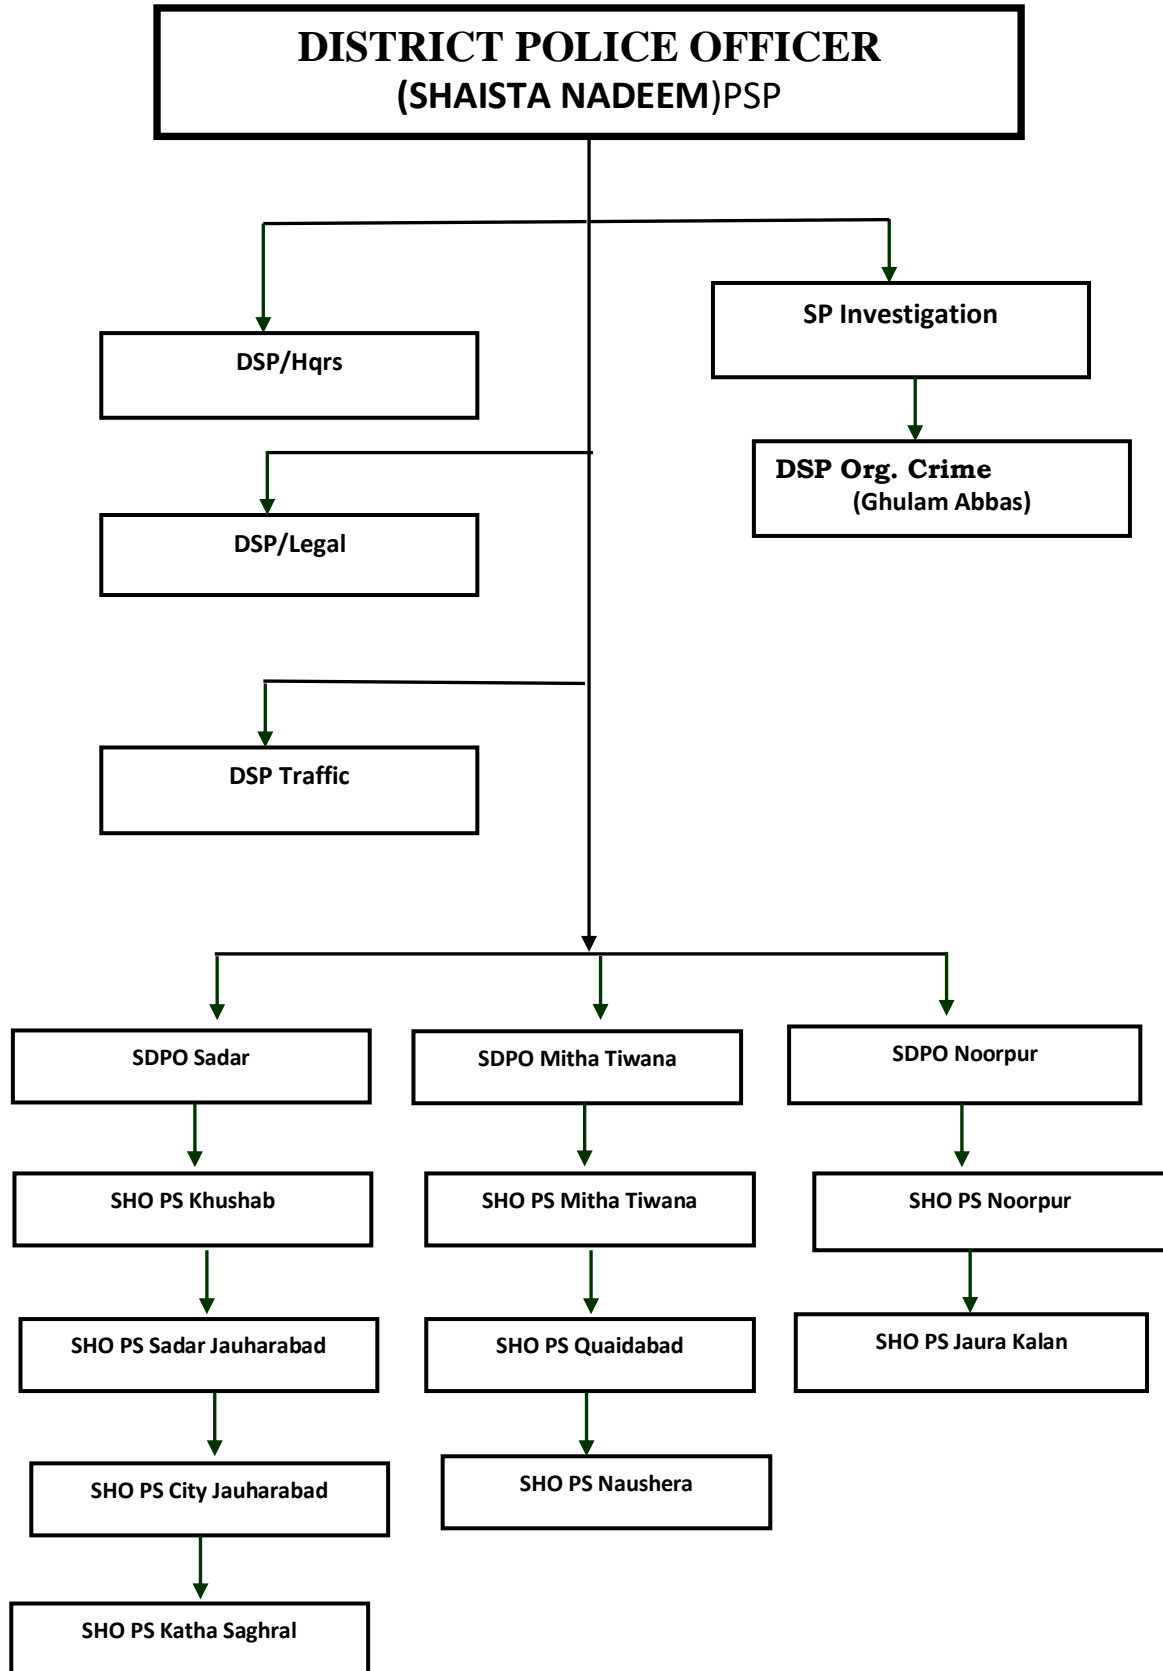

At the end, I would like to appreciate the efforts of DSP/Hqrs, DSP/Org. Crime, DSP/Legal & all SDPOs who provided necessary assistance in the preparation of this Policing Plan. I also pray to Almighty Allah (S.W.T) to make our efforts fruitful in achieving planned targets.

**District Police Officer
Khushab**

INTRODUCTION

Article 10(4) of the Police Order 2002 envisages the formulation of Annual District Policing Plan. The plan includes objectives of policing, financial resources likely to be available during the year, targets and mechanism for achieving these targets. Our aim is to attain excellence for the Khushab Police by establishing rule of law, ensuring human rights and providing relief to the citizen against the criminal activities. There is no denying to the fact that with the limited resources, Khushab Police is striving hard to deal with multifarious issues but we are hopeful to show extra ordinary performance during the next year upto the satisfaction of the worthy Inspector General of Police Punjab. We are mindful of the prime responsibilities assigned to the police for crime prevention and detection. We are committed to achieve the targets through all possible means.
